The guys were absolutely brilliant. Not only did they have great vocals, they were good people and had our wedding guests up dancing all night. Fantastic set list and they even embraced us wanting to do a song from the stag group! Thanks so much guys!

The band was absolutely amazing - all our guests commented on how brilliant they were. Despite our guests being very full after their pie and mash, everybody was up and dancing. A big thank you for helping make our day special.

The band were fabulous. They arrived from Manchester in plenty of time to set up. The songs they played for my 60th birthday party were perfect. Everyone there said how brilliant and professional they were. I would highly recommend them to anyone who would like a live band for their occasion.
